Academic Excellence on the Ranch

We are so proud to share that Lanier High School was named a 2021 AP Honor School!

So, what does that really mean?

AP stands for Advanced Placement.

- Georgia students have the opportunity to take advanced placement classes (college-level learning) while still in high school. In May, students who take an AP course are administered a test by the College Board (who also is responsible for the SAT and PSAT).
- Scores on the test range from 1-5. Students who receive a 3, 4, or 5 on an AP exam may receive college credit.

Our students did an incredible job and were recognized in the following categories for academic excellence.

1. AP Access and Support Schools

At least 30 percent of AP exams taken by students who identified themselves as African-American and/or Hispanic and 30 percent of all AP exams earning scores of 3 or higher.

2. AP Schools of Distinction

At least 20 percent of the total student population taking AP exams and at least 50 percent of all AP exams earning scores of 3 or higher.

3. AP STEM School

A minimum of five students testing in at least four AP STEM courses (AP Calculus AB, AP Calculus BC, AP Statistics, AP Biology, AP Chemistry, AP Environmental Science, AP Physics 1, AP Physics 2, AP Physics C, AP Computer Science A, AP Computer Science Principles)

4. AP STEM Achievement School

At least 50 percent of all AP STEM exams earning scores of 3 or higher
