School Chromebooks at Home- Connecting to Wifi

Gwinnett County Public Schools

1. Power on the Chromebook

- Open the chromebook.
- If the chromebook does not power on, hold down the power button. This may be on the side of the chromebook or on the top right of the keyboard.

2. Connect to wifi

- Because the chromebook is no longer at a school location, the wifi settings will have to be updated.
- When you power on your chromebook, you will be asked to select the wifi network. Click on the appropriate network for your location.
- If your network is password-protected, enter the password for your wireless network.
- Click Connect.

• You will then receive a message that the chromebook is managed by Gwinnett County Public Schools and will be asked to log on to the chromebook. Click **Next (blue button)**.

4. Utilize your Student Portal

- You are now logged onto the GCPS chromebook and into the student portal.
- From your student portal, you can access the following:
 - Your eCLASS Course Pages (where your required Digital Learning assignments are located)
 - 2. The Online Research Library
 - Additional resources such as G Suite for Education (Google Docs, Google Meet, and Google Classroom)
 - 4. Your digital textbooks

5. Sign Out

• To sign out, click on the red **Sign out** icon at the bottom of the screen. This will allow a different user to log on. You should not need to re-enter wifi credentials.
