

Parkview High School

Academic Support Resources

For ALL subject areas...

- Students should speak **first** with their teacher to set up a time to meet with them before or after school. The student's current teacher is often the best source of help!
- Students should use their teacher's eClass pages! Be aware of the information taught in class and additional sources of support found on the eClass page.
- Parent Portal allows parents to access student information including grades, attendance, and discipline at any time. Parents! If you have not signed up, please stop by the main office with your ID to do so!
- Teacher email addresses are available at <http://www.parkview.net/home.html>. Parents are encouraged to contact teachers directly with any questions or concerns, **after** having their student do the same.

MATH
