

McClure Health Science High School

Welcomes the
Class of 2024!

Student Ambassadors

- Christopher Miranda
- Scarlet Reyes Ayala

Mrs. Nicole Mosley

- Principal at
McClure Health Science
High School

The McClure Health Science Difference

- Highly prepared graduates with viable post-secondary plans
- State of the Art Coursework
- Hands-on Industry Training

Freshman Academy Support

- Mrs. Cindy Kinchen – 9th Grade Assistant Principal
- Ms. Diana Do – School Counselor
- Mrs. Jordyn Tinsley – School Counselor
- Mrs. Lisa Wells – Parent Instructional Coordinator
- Mr. Tom Myers – Curriculum Assistant Principal

The Freshman Experience

- “Awaken the Wonder” 9th Grade Orientation July 21st
- Algebra 1 Boot Camp July 20th – 24th
- Specialized Advisement classes
- Parent Communication
- Intervention
- 9th Grade Social Events and Celebrations
- Senior/Freshman Mentoring Program

Seven-Period Schedule

- Earn 7 Carnegie Units each year toward graduation
- 23 Credits required for graduation per state guidelines
- 28+ Credits earned at McClure Health Science High School
- Academic Levels Available for Courses:
 - College Preparatory
 - Honors/Gifted
 - Advanced Placement

Carnegie Credits Earned in MS

- High School Credit Options available in our cluster Middle Schools:
 - Algebra I
 - Accelerated Algebra I
 - Physical Science
- You will receive a form at the end of the year
- The form must be returned to your middle school indicating your choice

Carnegie Credits Earned in MS

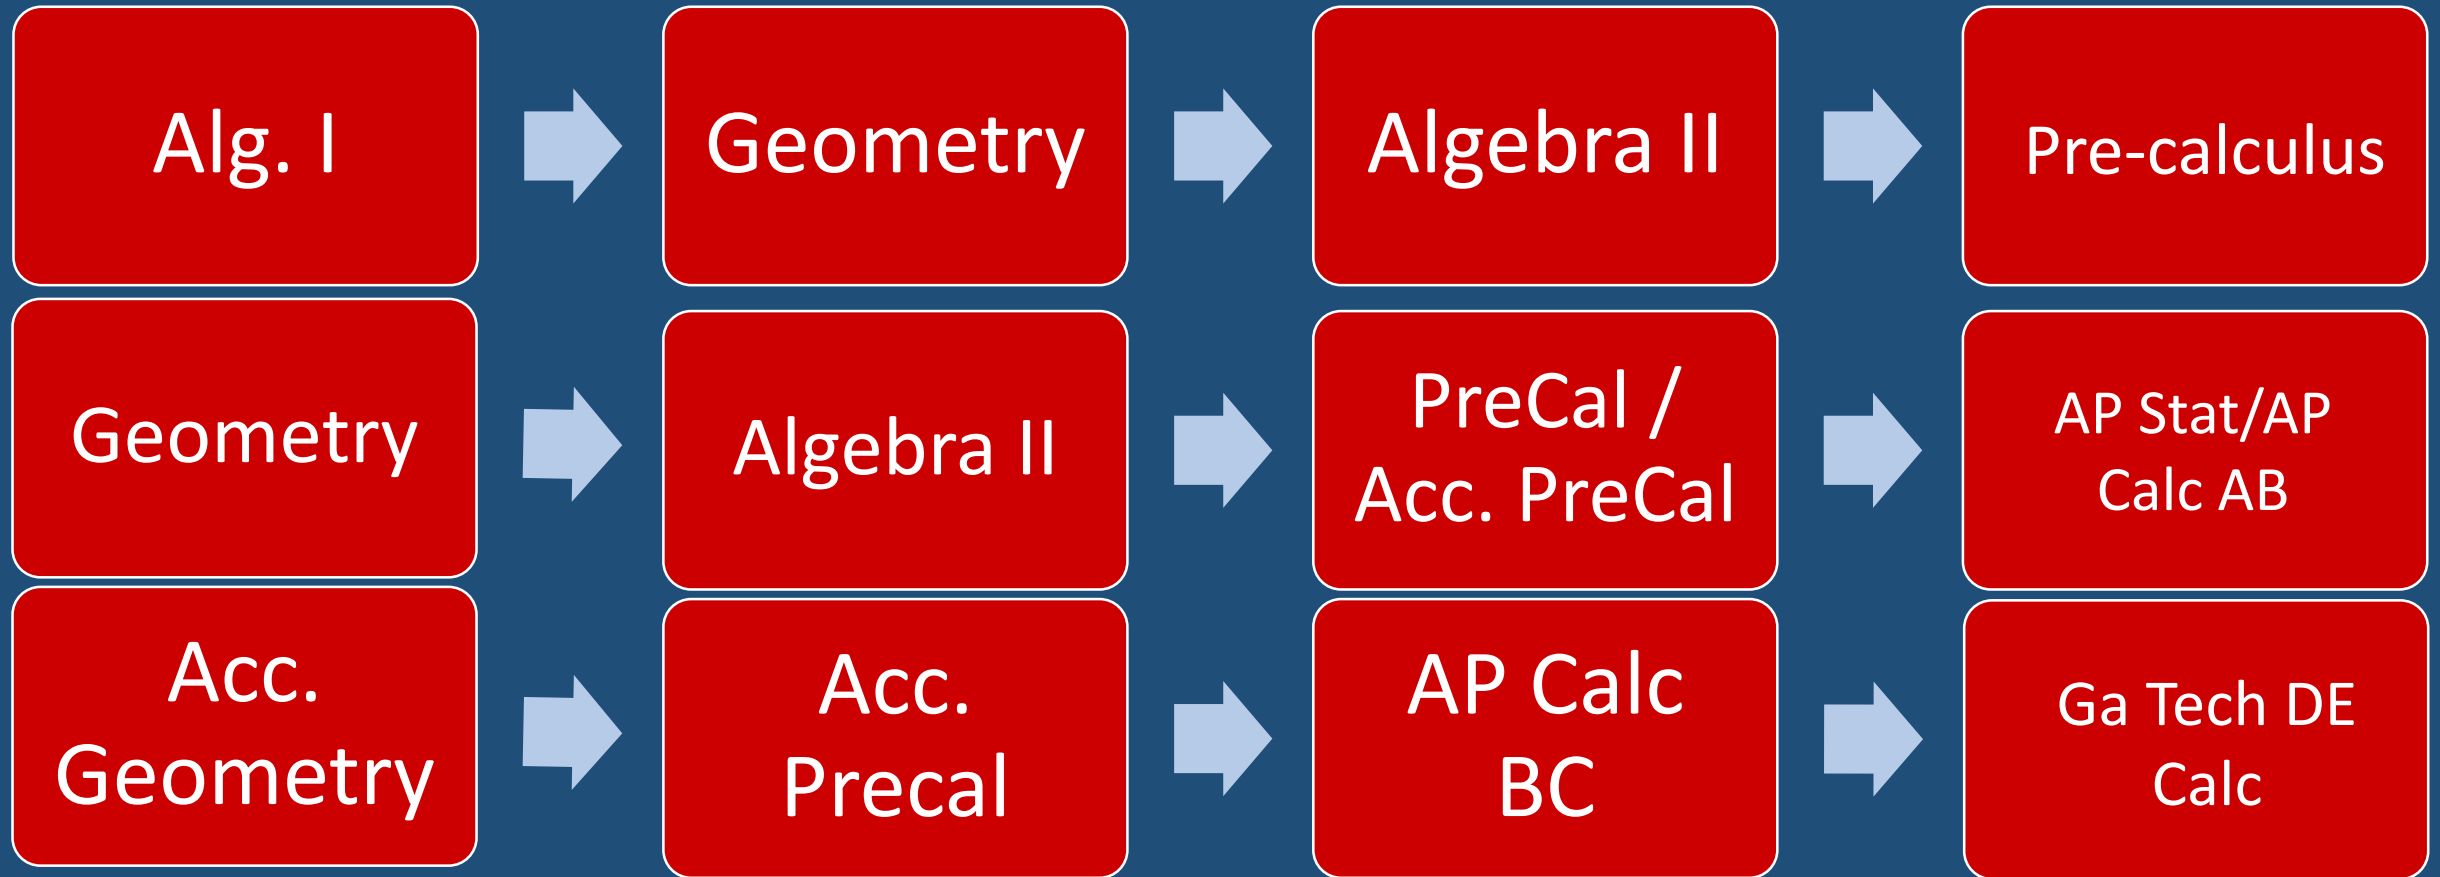

- If a student accepts credit:
 - The grade shown on the high school transcript will be a “P” for pass
 - Courses that earn a high school Carnegie credit in middle school are not used in the GPA calculation for high school ranking or HOPE Scholarship
 - Both semester grades are used to determine credit earned
 - The course **CANNOT** be retaken if you accept the credit
 - McClure Health Science expects ALL STUDENTS to take 4 math classes in high school

Carnegie Credits Earned in MS

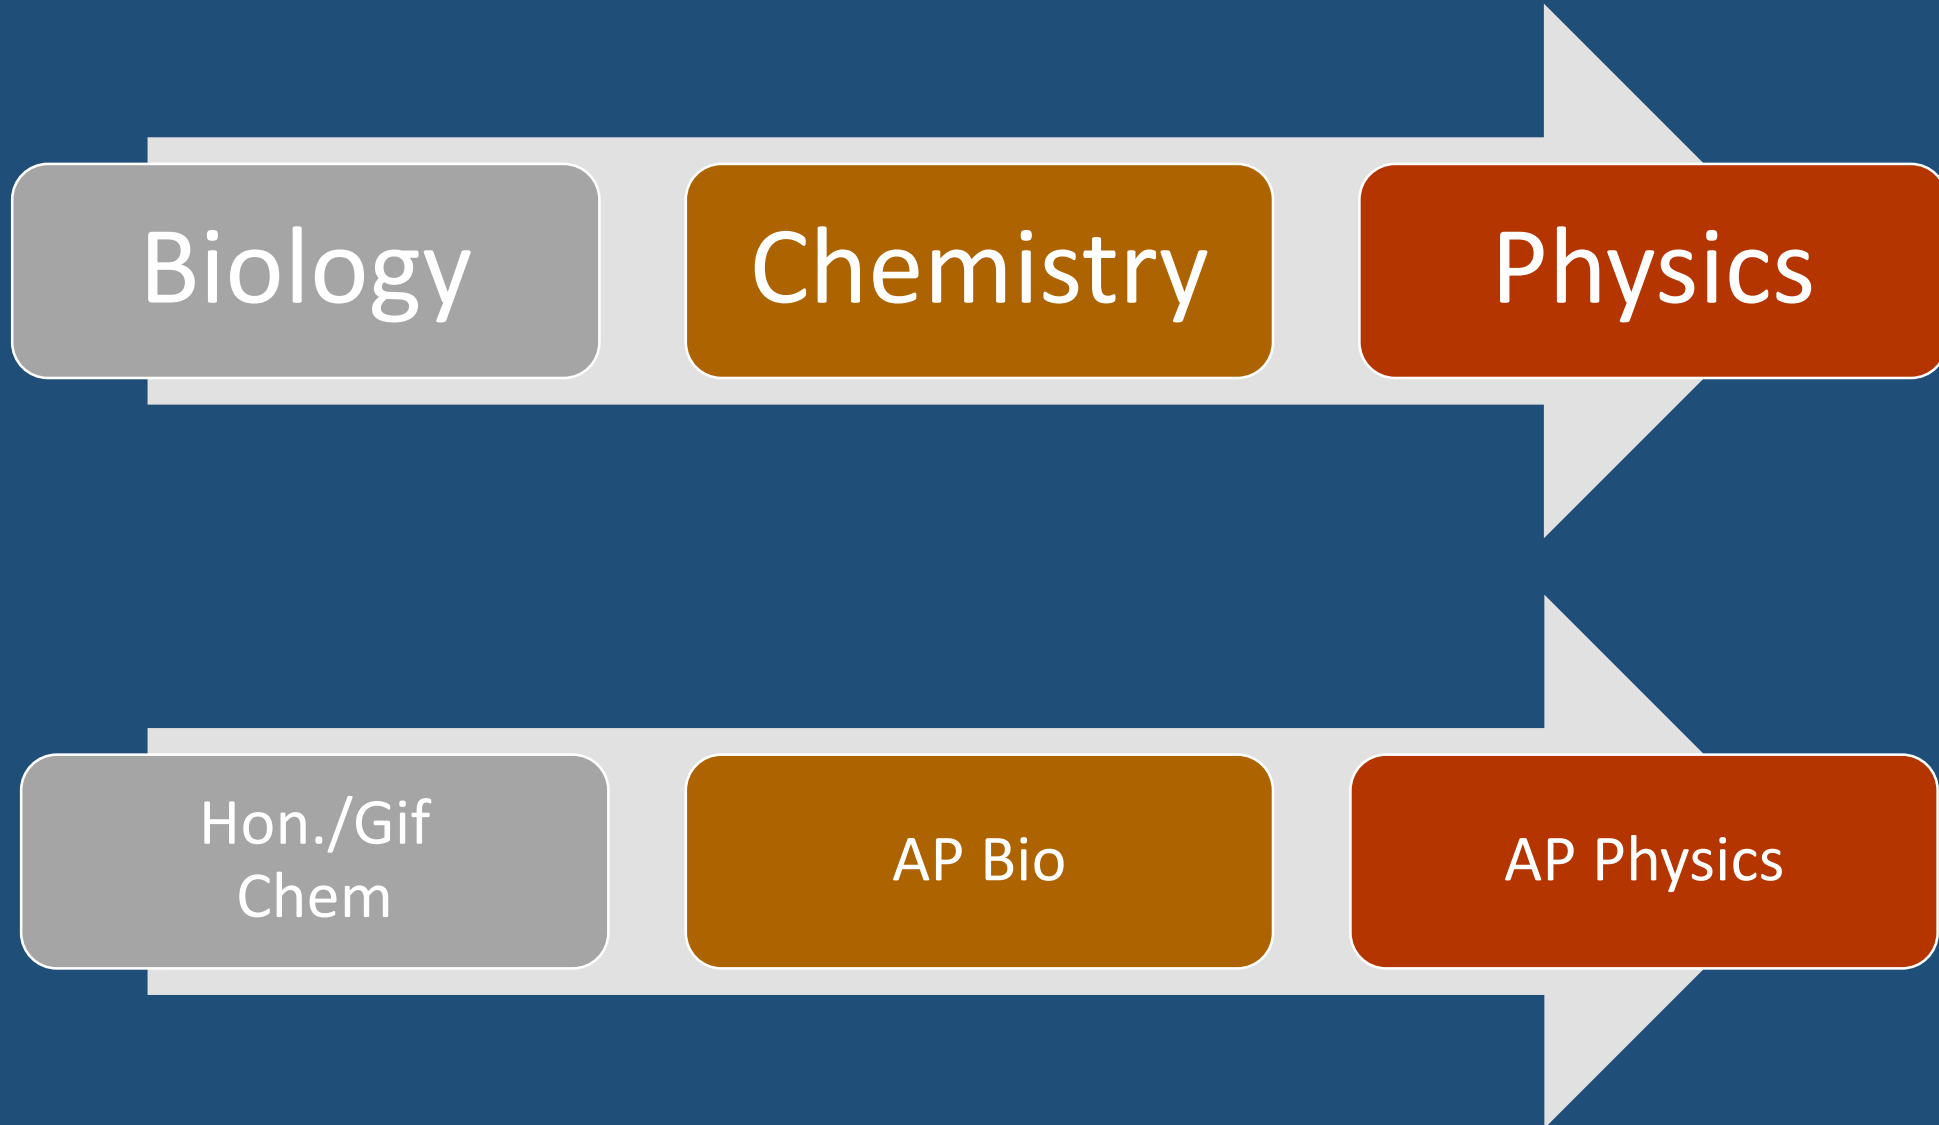

- To consider for Algebra I:
 - How will accepting the credit affect high school math progress?
 - Would my child benefit from re-taking the course?

School personnel will be in the commons after the presentation to answer any general questions about Carnegie credits

Math Trajectory

Science Trajectory

Registration Process

- All core teacher recommendations will be honored
- Parent change requests must be approved by a high school administrator or counselor
- During the first week of May, you will receive your student's tentative course list

A Schoolwide Program

Schools operating schoolwide programs serve all students to improve student achievement. The schools do not have to identify particular children as eligible for services because all students enrolled are eligible to receive the services provided with Title 1 including direct instruction from staff paid with Title 1 funds.

Another resource, for families, provided by Title I funding is the role of the Parent Instructional Coordinator who is responsible for reaching out to families and the surrounding community to build greater collaboration between McClure Health Science High School, the Meadowcreek Cluster of schools, and the families of those students.

Our Parent Instructional Coordinator is Mrs. Lisa Wells. You may contact her with any and all questions at 770-806-7911 or email at Lisa.Wells@gcpsk12.org

As we complete our evening, please fill out the survey on the pink paper you were given as you entered the auditorium. Your opinions are important to us.

Please turn these in when you exit the auditorium.

You may give them to any of our teachers.

Before exiting the auditorium, please place the translation devices and earphones into the plastic bag and be prepared to turn them in at the back of the auditorium.
