

WHEN IS SICK TOO SICK FOR SCHOOL?

Send me to school if

I have a runny nose or just a little cough, but no other symptoms.

I have not taken any fever reducing medication for 24 hours and I have not had a fever during that time.

I have not thrown up or had any diarrhea for 24 hours.

Keep me at home if

I have a temperature higher than 100 degrees even after taking medicine.

I am throwing up or have diarrhea.

My eyes are pink and crusty.

Call the doctor if

I have a temperature higher than 100 degrees for more than two (2) days.

I have been throwing up or have diarrhea for more than two days.

I have had the sniffles for more than a week and they are not getting better.

I still have asthma symptoms after using my asthma medicine (and call 911 if I am having trouble breathing after using an inhaler).
