

OUR MISSION

The mission of the inSPIRE STEM program at Hull Middle school is to provide students with a challenging, collaborative, interdisciplinary learning environment focused on science, technology, engineering and math by fostering a culture of innovation, inquiry, and problem/project based learning.

What the students are saying about the STEM Program...

"The thing I like the most about the STEM Program is being able to solve real-world situations with others and be able to present our ideas to the community."

"I love how we have PBL projects and how we have to work in a team for them. There is always a certain topic that is interesting to research more about. STEM Program allows me to increase my critical thinking skills and ability to work in a team."

"I like the level of real-life experience being given to us at school in the STEM program."

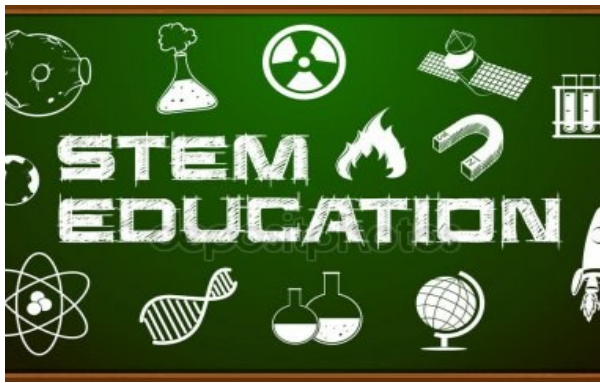

HULL MS STEM PROGRAM

PREPARING FOR THE FUTURE

INSPIRE STEM AT HMS

- ♦ Hull offers inSPIRE STEM Teams for students in grades 6, 7 and 8.
- ♦ Courses are offered for standard, accelerated and gifted students.
- ♦ inSPIRE Teams use a project-based learning (PBL) instructional approach that integrates Language Arts, Science, Social Studies, and Math via a series of quarterly driving questions.
- ♦ This program aligns with the Peachtree Ridge SPIRE program. Hull inSPIRE is available to students of all abilities, including gifted, special education, and traditional learners.
- ♦ Students utilize collaboration and communication skills and a variety of technologies to solve real-world problems.

- ♦ Focus on Project-Based Learning
- ♦ Integration between all Contents
- ♦ Emphasis on 21st Century Learning

HMS STEM PROGRAM AND THE GIFTED LEARNER

The STEM curriculum tailors to the Gifted learner. Students solve real-world problems, produce solutions, and share their inventions with community members having STEM backgrounds.
