

# 2018-2019 Calculator Rental Agreement

## NGMS Math Department Calculator Rental Agreement

Every 8<sup>th</sup> grade student at North Gwinnett Middle School needs access to a graphing calculator. Students are encouraged to purchase their own. The Math Department recommends a TI-84.

If it is not possible for a student to purchase their own calculator, then he/she may rent one. Special circumstances or concerns can be addressed with the student's math teacher. The rental fee for the entire school year is \$20.00. Monies received from calculator rentals will go toward purchasing additional calculators, batteries, and classroom technology.

A calculator will be issued under the following conditions:

- 1.) The \$20.00 rental fee must be paid. (Checks made to NGMS)
- 2.) The **original calculator must be returned** in the same condition as it was issued. If it is lost, stolen, or damaged, the student will owe an additional \$80.00 for the purchase of a new calculator.
- 3.) The student is responsible for the replacement batteries during the loan period.
- 4.) The downloading of unauthorized programs and/or games will result in forfeiting the use of the calculator.

By completing this form you understand and agree to all of the above conditions.
