

Credit Recovery Program Spring 2022

Credit recovery is a program for students who did not pass a class and earned a grade between 50%-69%. Students can take a condensed version of the course online to earn credit towards graduation. Successful credit recovery grades will appear on a student's transcript, but it will NOT replace the failed grade. Student athletes who are seeking athletic scholarships should consult with their counselor prior to registering for Credit Recovery because it is not accepted by the NCAA.

Who is eligible? Students who failed a class with a grade in the range of 50%-69%.

How much does credit recovery cost?

- A once per school year \$50 fee is payable on mypaymentsplus.com under the category "Events & Activities" tab and then under School Fees. Any additional credit recovery courses needed during the same school year will be free of charge.
