

**2017-2018**

**Archer Cluster**

### **Developing Leaders Through**

This year, all students who attend Cooper, Harbins, and Lovin will be encouraged to develop leadership through community involvement by engaging in at least 2 service activities.

Activities will be recorded in their STEM/STEAM journals.

How can students support our community? Be creative, but here are just a few suggestions...

- Picking up trash in a nearby park
- Visiting a nursing home
- Baking cookies for the local fire station
- Participating in our canned food drive
- Donating supplies to the area shelters
- Joining cub scouts or girl scouts
- Sending cards to soldiers serving overseas
- Asking for charitable donations instead of gifts for a birthday
- Donating stuffed animals to children in hospitals
- Donating old toys
- Planting a tree
- Raking leaves for a neighbor

It is up to the child to record activities, and pictures would help highlight all the good TIGERS in our community.
