

Summer Reading- Read MOORE!

At Moore Middle School, we want all students to read what they love. Reading over the summer will help students prepare for a successful school year as reading is a fundamental skill necessary for all academic classes. **It is so important that your student read at least two books over the summer in preparation for the summer reading responses they will complete in the fall.** Use the list below for ideas, or choose your own books- whatever interests you! You can access free ebooks from multiple sources- use the QR code below to see how you can read free ebooks all summer long! Use the BINGO sheet on the back to have some fun with your reading and return in the fall for our summer reading celebration!
