# Learning. Leading. Life-Ready.

## Gwinnett County Public Schools is excited to announce the opening of a new high school and teaching opportunities in STEM, business, and the arts!

The new Seckinger High School—located in suburban Atlanta—is accepting résumés and applications from top-tier industry and teaching experts in many areas of advanced technology and future readiness. Opening in August of 2022, Seckinger will anchor the school district's new Artificial Intelligence-themed cluster of K-12 schools. The school will have state-of-the-art learning spaces and labs as well as industry-grade equipment.

District and school leaders have worked with university experts, education specialists, and technology leaders to design our clusterwide AI program... the first program of its kind and designed to be a national leader in global innovation. The Seckinger AI-themed cluster will help ensure that students are future-ready through a next-generation learning experience.

**That's where you come in...** Seckinger High School is seeking highly qualified teachers in the areas of Artificial Intelligence, Computer Science, Engineering, Mechatronics, International Business, and Film. Candidates should be experienced in one or more of these fields; knowledgeable of industry trends and needs; able to educate students using project-based and real-world learning experiences; and active in their industry, maintaining industry partnerships to support instructional and career exploration opportunities.

Staff members will be responsible for the development and direction of their programs with the goal of creating a challenging, creative, and positive learning environment that provides unparalleled preparation for students pursuing opportunities at professional, pre-professional, and higher education levels.

### Representative Duties

- Work with school administration on developing and delivering top-tier programs.
- Communicate effectively with parents, students, faculty, and colleagues.
- Assist in developing curriculum and assessments related to content.
- Manage student and parent communications, including conferences.
- Participate in school meetings and professional development activities.
- Model effective and safe use of advanced, industry-relevant technologies in instruction.
- Embed future-ready components into instruction, including ethics, creative problem-solving, programming, data science, math reasoning, and applied experience.
- Support relevant co-curricular and extracurricular learning experiences.
- Be active in their industry and remain updated on industry trends

## Qualifications

- The ideal candidate possesses a technical and practical understanding of his or her content area(s), experience teaching or training others, relevant education and/or industry credentials, and a desire to continue learning.

- Candidates should be familiar with current educational practices and have an established commitment to teaching and curriculum development in all fields related to their content.

Seckinger students will concentrate their studies in one of the following areas of focus:

### Advanced Science and Technology
- Artificial Intelligence
- Mechanical Engineering (Mechatronics)
- Environmental Engineering and Sustainability

### Business and Leadership
- International Business
- Civic Leadership and Diplomacy
- World Languages

### Art and Design
- Visual Arts
- Digital Arts
- Performing Arts

### Career and Technical Education
- Audio Visual Technology and Film
- Computer Science
- Marketing

## If you can see yourself at Seckinger High School, providing students with a next-generation learning experience, complete these steps today!

2. Send your résumé and letter of interest to Principal Memorie Reesman at memorie.reesman@gcpsk12.org.

Learn more about Seckinger High School on the school website at gcpsk12.org/SeckingerHS.

## About Gwinnett County Public Schools

Gwinnett County Public Schools (GCPS) is the country's 12th largest school district, and the largest district in the state of Georgia, serving nearly 180,000 students. Located in the northeast quadrant of Metro Atlanta, the district ensures that students are acquiring the knowledge and skills needed for *their* future—prepared to succeed in school, college, work, and life. With its custom curriculum, exceptional staff, high standards for all, strong community support, and a commitment to innovation and continuous improvement, GCPS is an award-winning educational leader. The district is a two-time winner of The Broad Prize for Urban Education, the highest honor in public education. In addition, the district has been recognized as a National Advanced Placement (AP) District of the Year by College Board and as an Outstanding Great District for Great Teachers by the National Council on Teacher Quality. GCPS routinely has a place on top employer lists for state and national organizations. The district provides our teachers with high-quality professional learning opportunities and customized support and services to enhance per-formance and develop employee capacity to lead in a system of world-class schools. New teachers benefit from a comprehensive induction and local-school mentoring process. By investing in the success of our teachers, GCPS ensures that *all* students receive the world-class education they deserve.
