- Rigorous academic standards and high expectations for all students;
- A comprehensive, challenging, and relevant curriculum;
- Effective, engaging instructional strategies;
- Reliable, appropriate, and meaningful assessments;
- High-performing and inspiring employees committed to professional development, training, and lifelong learning;
- A safe, secure, and positive learning environment;
- A culture of continuous improvement;
- Accountability for results at all levels of the organization;
- Productive and engaging partnerships with families and the community;
- Effective use of technological resources to advance teaching and learning;
- Innovative and productive approaches to management, operations, and use of resources;

Achieving the Mission

The Gwinnett County Board of Education adopted seven Strategic Goals for the school system that clearly connect to the vision and mission—the “world-class” status we intend to achieve.

Gwinnett County Public Schools will:

- Ensure a world-class education for all students by focusing on teaching and learning the Academic Knowledge and Skills (AKS) curriculum.
- Ensure a safe, secure, and orderly environment for all.
- Optimize student achievement through responsible stewardship of its financial resources and the proactive pursuit of all resources necessary to meet current and future demands.
- Recruit, employ, develop, and retain a workforce that achieves the mission and goals of the organization.
- Support instructional and operational needs with technological systems and processes that support effective performance and desired results.
- Provide and manage the system’s facilities and operations in an exemplary manner as determined by programmatic needs and best management practices.
- Apply continuous quality improvement strategies and principles as the way the organization does business.

Core Beliefs and Commitments of the Gwinnett County Board of Education

Believing, as we do, that public education is an integral part of the seamless fabric of the American experience, we, the Gwinnett County Board of Education, derive our core beliefs and commitments for public education in Gwinnett County from the foundational principles of the United States of America, specifically those espoused in the Declaration of Independence. “We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty, and the pursuit of Happiness,” and “That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed...”.

America’s public schools exist to undergird and advance these principles. They are the one place where all children and youth in our great, diverse country are provided a common, free education. They must educate every child for success in life and for the responsibilities of American citizenship.

Thus, we commit ourselves to a world-class education that meets the needs of individual students, to a sharp focus on the traditions and values at the heart of our constitutional democracy and the rule of law, and to the civic virtues that bind together communities of many cultures, faiths, viewpoints, interests, and histories into a unified nation. *E pluribus unum*. Out of many, one.

Therefore, the Gwinnett County Board of Education will:

- Ensure our core business of teaching and learning is built on a rigorous curriculum, effective instruction, and high-value assessments
- Educate every student to world-class standards and individual potential
- Provide a safe and secure learning environment
- Optimize the school effect to have a positive impact on every child
- Govern the district fairly and openly, seeking the engagement of the many stakeholders we serve.

It is the policy of Gwinnett County Public Schools not to discriminate on the basis of race, color, sex, religion, national origin, age, or disability in any employment practice, educational program, or any other program, activity, or service.

Vision: Gwinnett County Public Schools will become a system of world-class schools where students acquire the knowledge and skills to be successful in college and careers.

Mission: The mission of Gwinnett County Public Schools is to pursue excellence in academic knowledge, skills, and behavior for each student, resulting in measured improvement against local, national, and world-class standards.

August 2019

Dear Gwinnett County Families:

Welcome to the 2019–20 school year! To help your student be successful in this new year, it is important that you and your student be aware of important school system policies and procedures, as well as academic and behavioral expectations.

Everyone associated with Gwinnett County Public Schools— from your child’s bus driver to the classroom teacher, from your school’s principal to each member of the School Board— is dedicated to providing a safe, orderly, productive learning environment for students. After all, two of the system’s seven strategic goals are to:

- Ensure a world-class education for all students by focusing on teaching and learning the Academic Knowledge and Skills (AKS) curriculum; and to
- Ensure a safe, secure, and orderly environment for all.

This year’s Student/Parent Handbook provides a wealth of school system information that will help you throughout the year. You will learn more about Gwinnett’s curriculum, attendance expectations, and the student behavior code. Please pay particular attention to the section on student discipline as well as details on responsible use of technology. You also will find additional helpful resources— calendars, information on the school nutrition program, and your rights and responsibilities as a parent regarding your child’s education. (For specific information on your local school, review the local school handbook.)

We are fortunate to have the caliber of students that we do in Gwinnett County Public Schools. The vast majority of our students are respectful, conscientious young people who do well academically and who never need to be disciplined beyond the classroom level. They care about their studies, teachers, and each other. They should not have to tolerate disruptions to their education from the few who choose to misbehave. The school system’s enforcement of its policies and code of student behavior provides you assurance that we take your child’s education and safety very seriously in our schools.

We encourage every student and parent to review the contents of this handbook and to work with school staff to achieve our academic and safety goals so that all students may enjoy a quality and effective education.

Best wishes for a successful new year of teaching and learning in 2019–20!
Sincerely,

J. Alvin Wilbanks,
CEO/Superintendent

Academic Knowledge and Skills (AKS) Curriculum

The mission of Gwinnett County Public Schools is to pursue excellence in academic knowledge, skills, and behavior for each student, resulting in measured improvement against local, national, and world-class standards. Instructional goals and objectives will be accomplished through the implementation of the Academic Knowledge and Skills (AKS) curriculum. The AKS represents the Board of Education's accepted content standards for excellence in academic knowledge and skills for all students. The AKS includes all of the state's curriculum objectives, including the state-adopted Georgia Standards of Excellence (K–12) in the areas of mathematics, language arts, science, and social studies. State and local assessments measure student learning of the curriculum. The AKS for each grade level and subject area is available on the school system's website (www.gwinnett.k12.ga.us). A brochure summarizing grade-level AKS (grades K–8) also is provided to parents at the beginning of the school year.

Local School Plan for Improvement (LSPI)

Accountability and flexibility are hallmarks of Gwinnett County Public Schools' success. Under the Board's Theory of Action for Change to Improve Student Achievement, Gwinnett schools gain flexibility by meeting certain accountability measures outlined through the district's Results-Based Evaluation System (RBES). In addition, as a Strategic Waivers School System (SWSS), GCPS receives flexibility in the form of waivers of certain state laws, rules, and guidelines in exchange for greater accountability for increased student performance. Each school is responsible for the development of a local school plan for improvement (LSPI). Using data, schools determine areas needing improvement and write three- to five-year goals which are focused on the identified areas. For each goal, a school will identify specific, measurable, annual objectives and then determine how to best achieve these goals, taking into account the flexibility granted and accountability expected under RBES and SWSS. The LSPI development process involves teachers, parents, and community members, so the entire school community has the opportunity to be involved in conversations about school improvement. For more about your school's LSPI, contact your local school principal.

Grading

For students in grades 6–12, student performance is graded using the following scale:

90% and above	A	excellent progress
80%-89%	B	above average progress
74%-79%	C	average progress
70%-73%	D	below average progress
Below 70%	U/F	unsatisfactory progress

Attendance Policies and Procedures

Statement of Policy

School attendance is important because it underscores the significance of learning and the importance of obtaining an education in our society in addition to helping students develop good work habits that will carry over in life. Good attendance also correlates strongly with improved grades. A minimum level of attendance is required for attainment of the Academic Knowledge and Skills (AKS) curriculum. The responsibility of school attendance is that of both parents and students. The Superintendent has designated the minimum levels of attendance in procedure consistent with state standards.

Definitions

Truant— Any child subject to compulsory attendance who during the school calendar year has more than 10 days of unexcused absences.

Compulsory Attendance— Attendance in a public school, private school, or home school program is required for children between their 6th and 16th birthdays. Every parent, guardian, or other person residing in this state having control or charge of any child between their 6th and 16th birthdays shall be responsible for enrolling and sending such child to a public school, private school, or home school program. Attendance in a public school, private school, or a home school program is required regardless of the fact that a child has been suspended or expelled from school by the local board of education. Official Code of Georgia (O.C.G.A.) 20-2-690.1

Tardy— Students are considered tardy to school or class if the student arrives at a designated location after a school bell, chime, or buzzer has sounded. (Local schools will include specific information relevant to their facility to identify the designated location for student arrival.)

Early Checkout— When a parent, guardian, or other person having charge or control of a student authorizes a student to leave the facility before the end of the school day. School day hours are published in local school handbooks.

Excused Absences— State Board of Education Rule 160-5-1-.10 defines the following as excused absences:

1. Personal illness or attendance in school endangers a student's health or the health of others. (i) Local boards of education may request students to present appropriate medical documentation within five days of the student's return to school for the purpose of validating that the absence is an excused absence
2. A serious illness or death in the student's immediate family necessitating absence from school. (i) In the event of a serious illness in a student's immediate family, local boards of education may request students to present appropriate medical documentation regarding the family member upon return to school for the purpose of validating that the absence is an excused absence.
3. A court order or an order by a government agency, including preinduction physical examinations for service in the armed forces, mandating absence from school.
4. Observing religious holidays, necessitating absence from school.
5. Conditions rendering attendance impossible or hazardous to student health or safety. (For Gwinnett County Public Schools, the closure of schools for hazardous conditions may only be made by the Superintendent for the purposes of excused absences.)
6. A period not to exceed one day is allowed at the discretion of the local unit of administration for registering to vote or voting in a public election.
7. Local boards of education shall count students present when they are serving as pages for the Georgia General Assembly.
8. Public school students visiting with a parent or legal guardian prior to or during leave from deployment to a combat zone or combat support posting as a member of the armed forces of the United States or the National Guard are allowed five excused absences per school year.

9. Students who are in a foster home or otherwise in the foster care system under the Division of Family and Children Services of the Department of Human Services will be counted present for any day, portion of a day, or days missed from school when attending court proceedings related to that student's foster care.
10. A student who participates in the Student Teen Election Participant (STEP) program will be counted as present and given full credit for the school day during which he or she served in the STEP program.

Procedures

Parents or guardians are encouraged to contact the school on the day of the student absence to indicate the reason for the absence. Parents or guardians also must send a signed and dated written note when the student returns to school explaining the reason for the absence, the date(s) of the absence(s), and a daytime phone number. In order to ensure the opportunity of the student to complete make-up work and for local schools to record excused absences, it is best if a parent note or third-party excuse be delivered to the school the day that the student returns after being absent.

If a parent note or third-party excuse is not delivered to the school, the absence will be regarded as unexcused. Local schools can employ proven best practices to improve student attendance for both excused and unexcused absences. This includes, but is not limited to, local schools requesting appropriate medical documentation from the parent/guardian of a student with excessive absences (excused or unexcused). Parents or guardians will receive written notice when a student has five (5), seven (7), and ten (10) unexcused absences. When such student has 10 or more unexcused absences, the school will make contact with parent, guardian or person having charge or control of the student to notify them of the additional unexcused absences along with possible consequences and interventions. This includes, but is not limited to, a referral to the combined Student Support Team (SST)/Student Attendance Review Committee (SARC).

Schools shall send written notice inviting the parent or guardian to the SARC meeting via Certified Mail with return receipt requested or First-Class Mail.

State law provides that at the time a student under the age of 18 applies for an instruction permit or driver's license the individual must be enrolled in and not under expulsion from a public or private school, or be enrolled in a home education program.

To facilitate prompt, appropriate communication between the home and school, parents, guardians, or persons having charge or control of a student should notify the school immediately when there is a change in the student's address and/or phone number as listed in school records.

Possible consequences and/or interventions implemented to resolve unexcused absences, tardies, or excessive early checkouts may include, but are not limited to, the following:

- Morning Detention
 - Saturday School
 - Community Service
 - Loss of Parking Permit
 - Student/Parent Conferences
 - Out-of-School Suspension
 - Referral to Juvenile Court
 - Afternoon Detention
 - Revocation of School Transfer
 - Counseling Group Participation
 - Isolated Lunch
 - In-school Suspension
 - Referral to School Social Worker
 - Referral to Social Service Agencies
- (unexcused absences)

After the school system notifies the parent, guardian, or other person who has control or charge of a child that such child has ten (10) days of unexcused absences, each additional unexcused absence may result in misdemeanor charges against the parent or guardian. (O.C.G.A. 20-2-690.1) Prior to any action to commence judicial proceedings to impose a penalty for violating this subsection on a parent, guardian, or other person who has control or charge of a child, the school system shall send a notice to such parent, guardian, or other person by Certified Mail, return receipt requested. Upon conviction, any parent, guardian or other person who has control or charge of a child shall be subject to a fine not less than \$25 and not greater than \$100, or imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. A student subject to compulsory attendance laws who fails to attend school may be subject to a referral to Juvenile Court for disposition in accordance with Georgia law.

Student check-in and check-out procedures are determined at the local school level.

Absences and Grading

Absences shall not penalize student grades if the following conditions are met:

1. Absences are justified and validated for excused reasons.
2. Make-up work for all absences is completed satisfactorily.

(Although an absence may be considered "unexcused," make-up work for approved, prearranged absences will be permitted. Procedures for doing so may be acquired from the local school.)

When students are suspended short-term (1–10 days), work missed will not count for or against their final grade. Suspended students shall make up those tests and assignments that the teachers determine will have an impact on the student's final grade and mastery of course content. Assignments that the teacher does not require to be made up will not count toward a student's final grade. Students are responsible for making arrangements and completing make-up work within the timeline specified by the local school.

Students not subject to compulsory school attendance laws who are enrolled for the current school year and do not attend school for ten (10) consecutive days without notification of the absence reason by the parent/guardian are subject to withdrawal. These students shall be withdrawn following the school's attempt to notify the parent/guardian. Students determined to no longer be a resident of the system may be withdrawn even if the student is subject to compulsory school attendance laws. The withdrawal shall be retroactive to the first day of the consecutive absences.

For currently enrolled students who are subject to compulsory school attendance laws, it is required that schools make a good-faith effort to obtain documented information that the student no longer resides in the school's attendance zone before the student is withdrawn.

Students who have emergencies necessitating their absence from school for a portion of the school day must have been present for the majority of the school day in order to be counted present. **Students must attend school for at least the equivalent of half the school day in order to be counted for the whole day.** This does not have to be continuous time.

When there is cause necessitating students to be released from school, they may only be released to their parent(s), to a person properly identified to school authorities or upon request by letter or telephone call from the parents.

Title I, Family and Community Engagement Plan

The Board recognizes that a child's education is a responsibility shared by the school and family. To effectively educate students, the school and parents must work as partners. We know families and communities play an integral role in the education of children, and we want to encourage and support active involvement in our Title I schools. Our district receives Title I, Part A funds to help meet the needs of all students in these schools. The funds are used to hire additional teachers in our Title I schools, purchase technology and resources, and to hire parent support personnel to serve as ambassadors for the school community. All schools receiving funds from the Title I grant are required to have a Family and Community Engagement Plan that meets the guidelines established by the Every Student Succeeds Act of 2015. Our goals, as we partner with you, are to:

1. establish expectations for meaningful and effective family engagement, and
2. strengthen the academic achievement of all students by engaging and supporting our families in the education of their children.

Family engagement means parents, families, and school personnel will participate in two-way, meaningful communication for the common goal of supporting students. Parents and families of all students in our schools are invited to attend meetings to share ideas and suggestions about the district's and school's improvement plans. Below are several ways you can engage with us:

1. **Monthly Board Meetings**— School Board meetings are typically held on the third Thursday of every month at 7 p.m. All meetings are open to the public. The meeting schedule is found on the District website (www.gwinnett.k12.ga.us). These meetings offer an opportunity for parents and community members to stay abreast of school system news and initiatives. The agenda is prepared in advance of each meeting. Anyone wishing to speak before the Board must inform the Superintendent's Office in writing by noon on the Monday immediately prior to the Board meeting. Requests can be submitted electronically through a link on the District website; by mail to the Superintendent's Office at 437 Old Peachtree Road, NW, Suwanee, GA, 30024-2978; by fax to 678-301-6030; or by email to MySchoolBoard@gwinnett.k12.ga.us. Additionally, prior to each monthly Board meeting, a public forum is held for individuals who have not signed up to be on the agenda but who wish to address the Board. A sign-up sheet is available in the lobby that night for individuals wishing to sign-up for the public forum.
2. **Local School Councils**— The primary goal of the local school council is to bring communities and schools closer together. The council makes recommendations to improve academic achievement, provides support for teachers and administrators, and brings parents into the decision-making process.
3. **Parent Advisory Committee (PAC)**— All parents are invited to participate in the PAC. PACs meet several times each year to:
 - a. establish how the district should use funds set aside for family engagement activities,
 - b. gather input on the District Improvement Plan, and
 - c. develop the GCPS Family and Community Engagement Plan.
4. **Local School Planning Meetings**— Between March and May of each year, Title I schools host meetings for families and community members to provide input on local school and district

improvement goals, and the Title I budget. These meetings are for families and other interested community members to jointly develop the Family and Community Engagement Plans and the School-Family Compact. We encourage all families to participate in the planning meetings at the local school. We work to remove as many barriers as possible to maximize participation in our planning meetings. Whenever possible, we will provide childcare, interpreters, and translations of documents. We will communicate in a variety of family-friendly languages and formats and offer a variety of meeting times, dates, and locations.

Parents are invited to visit their school's Parent Center and speak with the parent liaison to see how they may get involved.

The Office of Federal Programs provides ongoing support, guidance, and monitoring to ensure that Title I schools are fully partnering with families. Our Title I schools collaborate with other federal programs to improve the academic achievement of all students. Based on input from our families and communities, we use 1% of Title I grant funding to ensure that all Title I schools have a parent support person to assist families. This support person provides opportunities for families to learn academic strategies that can be used at home as well as training of school staff on partnering with families. Several schools in the district implement Academic Parent Teacher Teams (APTT), which is an evidence-based model where families learn activities and strategies to reinforce skills at home and set student academic goals. GCPS has a core group of school leaders— the Family Engagement Leadership Team— who coordinate training for the entire staff of APTT schools to ensure this model is implemented with fidelity. All schools offer activities that align to the school goals, opportunities for shared decision-making, and assistance to families in the transition process from one school level to the next. In addition, each Title I school has a Parent Center containing resources for use at home.

To promote school readiness for our future students, GCPS offers Play 2 Learn in more than 20 elementary schools. Parents bring their child(ren), birth to age 5, to a weekly 90-minute session. During these sessions, activities are modeled and facilitated by a certified staff member using best practices for readiness skills. The program is focused on building the capacity of parents to be their child's first teacher and providing an opportunity for students to be in a high-quality school environment.

We encourage parents to attend district-level and school-level meetings to provide input on improvement strategies for schools that have been identified as Comprehensive Support and Improvement Schools and Targeted Support and Improvement Schools.

To determine the effectiveness of the Family and Community Engagement Plan and Title I programs, we ask that all stakeholders complete a survey. This feedback helps us to better understand the needs of the school community and how we can improve our partnership with families. The results of the survey are posted on both the district and school websites. During the annual needs-assessment process, we review the data from the survey, along with other input gathered throughout the year, to update and revise our Family and Community Engagement Plan. This plan was reviewed and revised with the input of GCPS staff, families, and community members for the 2019–20 school year. The plan is available in Parent Centers of Title I schools as well as on school and district websites.

Complaint procedures for Federal Programs are located on the district website and posted in each Title I Parent Center.

School Nutrition Program (SNP) Information

As a partner in education, the school system's School Nutrition Program contributes to a successful academic experience and encourages a lifetime of healthy eating by providing each student with the affordable opportunity to consume meals that are nutritious, appealing, and served by caring professionals in a pleasant environment.

Middle and high school students pay \$1.50 for breakfast and \$2.50 for lunch. Free and reduced-price meals also are available. Qualifications and/or application procedures for free and reduced meals are available at the local school or on the school system's web site (www.gwinnett.k12.ga.us). You may pay for meals at the school, or you may place money in your child's account using check or credit card by going to www.mypaymentsplus.com.

GCPS uses the following procedure regarding school meal charges.

- Middle school students will be allowed to charge up to \$12.00.
- High school students will be allowed to charge up to \$4.00.
- Charges are not allowed for supplemental or a la carte items.
- Once the charge limit has been met, the student may receive a designated alternate meal at no charge as defined by the School Nutrition Program.
- A charge notice will be completed for each occurrence and notification will be sent home to the parent/guardian through the student.
- Additionally, once the charge limit has been met the parent/guardian will be notified by the local school via phone call and/or email.
- Charging for meals will not be allowed after April 30.
- The charge policy will be communicated to parents and students via the Student/Parent Handbook, SNP and local school websites, and letter.

Refunds from the School Nutrition Program may be processed at the local school level up to \$50. Any refund over \$50 shall be processed through the SNP Central Office by submitting a Refund Request Form.

Professional Qualifications of Teachers

In compliance with the requirements of the Every Student Succeeds Act (ESSA), parents are entitled to request information about the professional qualifications of their child's teacher. The following information may be requested:

- Whether the teacher met the state requirements from the Georgia Professional Standards Commission for certification for the grade level and subject area which they teach;
- Whether the teacher is teaching under temporary status through which Georgia qualifications or certification criteria have been waived;
- What undergraduate or graduate degree(s) the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration; and
- Whether your child is provided services by paraprofessionals, and if so, their qualifications.

If you wish to request information concerning the qualifications of your child's teacher and/or paraprofessional, please contact the school principal.

Family Changes

If the status of a student's custody changes after the student is enrolled, the enrolling parent/guardian or agency shall notify the local school of new address and contact phone numbers. Parents/guardians may be required to facilitate and obtain appropriate guardianship or custody of their child to avoid referral to an outside agency or withdrawal. State law generally prohibits attempts to make a change of custody of a minor child by removing the child from the premises of the school without permission of the person who enrolled the student. This prohibition applies even if there is a court order granting custody of the child to the person seeking to make the change.

Harassment Statement

It is the policy of the Gwinnett County Board of Education not to discriminate on the basis of sex, age, race, color, disability, religious belief, or national origin in the educational programs and activities, or admissions to facilities operated by the Gwinnett County Board of Education, or in the employment practices of the school system. It is the express policy of the Gwinnett County School Board to comply with all laws and regulations relating to discrimination now in effect or hereafter enacted.

The Gwinnett County Board of Education does not and will not tolerate harassment of our students or employees. The term "harassment" includes, but is not limited to, slurs, jokes, and other verbal, graphic, or physical conduct relating to an individual's race, ethnic group, color, sex, religious belief, national origin, citizenship, age, or disability. "Harassment" also includes sexual advances, requests for sexual favors, unwelcome or offensive touching, and other verbal, graphic, or physical conduct of a sexual nature.

Student Complaints and Grievances

The Gwinnett County Board of Education is committed to providing an environment free of sexual harassment and all forms of harassment and discrimination on the basis of race, color, religion, sex, age, national origin, or disability. If a student believes he or she is being mistreated on account of race, color, religion, sex, national origin, or disability, the student may utilize the three-step procedure outlined in Procedure P/JCE which is summarized below.

Step I: If a student has a complaint of discrimination or unfair treatment, he or she should report concerns to the principal, the local school's Title IX Coordinator, teachers, counselors, or other school administrators. If a student is not satisfied that a complaint presented to a member of the school staff has been resolved satisfactorily, the student or his or her parent may request a meeting with the principal, following which, the principal will inform the parent in writing of his or her decision on the complaint.

Step II: If, after meeting with the school principal, the student is not satisfied with the principal's decision, a written appeal may be submitted to the Assistant Superintendent for that school within 10 working days of the receipt of the principal's decision. The appeal must give specific reasons for reconsideration, state precisely the reasons for dissatisfaction with the principal's decision, and be limited to the matter under review.

Step III: For assistance with the student complaint or grievance process, you may contact Joyce Spraggs, the district's Equity Compliance Officer/Title IX Coordinator, Division of Human Resources and Talent Management, Gwinnett County Public Schools, 437 Old Peachtree Road, NW, Suwanee, GA, 30024-2978, or you may call 678-301-6811.

Parent Notification in Times of Emergency/SchoolMessenger

GCPS endeavors to notify parents in a timely manner relative to any schoolwide or districtwide emergencies or campus safety concerns. While letters may be sent home to parents affected by the occurrence, when circumstances require a more immediate notification, this information, as it becomes available, will be posted on the GCPS website (gwinnett.k12.ga.us), Facebook page, and Twitter account (@GwinnettSchools). In addition, the district and local schools will communicate to families using phone numbers and email addresses provided by the parent/guardian. This contact information is used by GCPS to send emergency notifications such as school closings and safety alerts by phone, text, and/or email via SchoolMessenger. General/non-emergency notifications will be sent by email using SchoolMessenger.

Parents should verify the accuracy of their contact information at the beginning of each school year. **In addition, if changes to contact information occur during the school year, parents should contact the school office to let staff know of those changes.** This will improve communication throughout the year and ensure that your family will receive messages sent through SchoolMessenger.

In addition to verifying that your cell phone number is accurate in the system, you also will need to subscribe to the text message service if you wish to receive emergency texts from the school system. You can do so by texting the word "SUBSCRIBE" to the number 67587. You will receive an immediate response by text. If you do not, please contact your wireless provider, as some providers do not accept texts that use short code (SMS) messages. (**Note:** If you subscribed to receive text messages last year, there is no need to resubscribe unless your number changed.)

SchoolMessenger messages from Gwinnett County Public Schools will come from the number 1-844-248-6644. Please add this phone number to your contacts so you can easily identify the call as coming from Gwinnett County Public Schools. If you miss a phone message, you can call this number back to retrieve and replay phone notifications.

Please note that an individual can opt out of receiving SchoolMessenger messages at any time. Press "5" on your phone while listening to a phone message broadcast through SchoolMessenger to initiate the opt-out process. Parents also can go to go.schoolmessenger.com, logging in with the email address they provided to the school, and select "Preferences" to make changes regarding the various types of messages that may be sent.

Section 504 of the Rehabilitation Act of 1973

Section 504 of the Rehabilitation Act of 1973 is a federal non-discrimination statute that prohibits discrimination on the basis of disability. Specifically, Section 504 states:

No qualified handicapped person shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity which benefits from federal financial assistance.

Under Section 504 a person with a disability is anyone who has a mental or physical impairment which substantially limits one or more major life activities, such as caring for oneself; performing manual tasks; walking; seeing; hearing; speaking; breathing; learning and working; eating; sleeping; standing; lifting; bending; reading; concentrating; thinking; communicating; and major bodily functions (i.e.

immune systems, cell growth, digestive, bowel, or bladder functions). The term “substantially limits” means the person is unable to perform a major life activity or major bodily function that a non-disabled person can do, or the person is more restricted in the performance of a major life activity in comparison to a non-disabled person.

It is the policy of GCPS to comply with the provisions of Section 504 of the Rehabilitation Act of 1973 in providing a free appropriate public education for students with disabilities who qualify under the definition of the law. No student or other qualified individual shall be excluded from participation in, denied the benefits of, or subjected to discrimination in any program or activity, on the basis of disability.

GCPS has specific responsibilities under Section 504, including the requirement to identify and evaluate students with disabilities. Any student or other disabled individual who is qualified for services under Section 504 will receive appropriate accommodations providing equal access to educational programs, services, and facilities.

If a parent, guardian, or adult student has a question about parental or student rights under Section 504, contact the district’s designated Section 504 representative at 678-301-7110.

Family Educational Rights and Privacy Act (FERPA)

Parents have certain rights with respect to student educational records pursuant to the Family Educational Rights and Privacy Act (FERPA). These rights transfer to the student when the student becomes an “eligible student” upon reaching the age of 18 or attending a school beyond the high school level. The rights of parents and/or eligible students are summarized as follows:

- The right to inspect and review student educational records maintained by the school. A parent or eligible student seeking to inspect and review educational records should submit a written request to the Principal of the school in which the student is enrolled or last attended.
- An opportunity to seek amendment of educational records alleged to be inaccurate, misleading, or otherwise in violation of the student’s privacy rights. In the event a parent/guardian wishes to challenge a student’s educational record, he or she can review Policy JR on the school district’s website. They also may request a hearing or a copy of the procedures for conducting the hearing by contacting the Executive Director for Administration and Policy at 678-301-6005.
- The right to notice of what information the school has designated as directory information and a reasonable time after such notice to inform the school that the designated information should not be released without prior consent. See the following section for information on the release of directory information.
- The right to consent to the disclosure of personally identifiable information contained in student educational records (other than directory information), except to the extent FERPA authorizes disclosure without consent. Disclosures for which the consent of the parent or eligible student is not required include the following:
 - (A) to School Officials with a legitimate educational interest. A school official is any school employee or any contractor, consultant, volunteer, or other party to whom school system services or functions that would otherwise be performed by school employees has been outsourced or assigned. A legitimate educational interest is a need that arises out of a school official’s role in providing educational services, including instruction, evaluation, therapy, etc., to a student, or out of the performance of administrative, supervisory, clerical, or other responsibilities prescribed by the school system;
 - (B) to other school systems in which the student seeks or intends to enroll as long as the disclosure is for purposes related to the student’s enrollment or transfer;
 - (C) to specified officials for audit or evaluation purposes;
 - (D) in connection with the student’s application for financial aid;
 - (E) to state and local officials pursuant to State law;

 - (J) in compliance with judicial order or pursuant to any lawfully issued subpoena when the educational agency makes

reasonable effort to notify the parent or eligible student in advance of the compliance. In limited circumstances, an order or subpoena may require the District to disclose information without notifying the parent or eligible student.

- A parent or eligible student who believes his or her rights under FERPA may have been violated may file a complaint by writing the Family Policy Compliance Office. Complaints must contain specific allegations of fact giving reasonable cause to believe that a violation of FERPA occurred. Complaints should be addressed as follows:

Family Policy Compliance Office

The District will not regard agencies, entities, or individuals submitting Open Records Requests as appropriate legitimate agencies, entities, or individuals for the purpose of disclosure of Directory Information.

In addition, before a student may be required to submit to a survey revealing “Protected Information,” the written consent of the parent or the consent of the eligible student is required. Finally, a minor student may not volunteer to submit to a survey revealing “Protected Information” without providing the parent of the student with prior written notice of the administration of the survey and an opportunity to opt out of the survey. “Protected Information” is information in the following categories:

1. Political affiliations or beliefs of the student or student’s parent;

Homeless Children and Youth

The McKinney-Vento Education for Homeless Children and Youth Act ensures certain educational rights and protections for children and youth experiencing homelessness. This law identifies any student who lacks a fixed, regular, and adequate nighttime residence as homeless. It provides legal protections for children and youth in homeless situations to immediately enroll in, attend, and succeed in school and qualifying public preschool programs. The law further provides for student records maintenance and transfer, school of origin transportation, and appropriate dispute resolution for homeless students. In accordance with this law, Gwinnett County Public Schools affords children and youth experiencing homelessness equal access to the same free, appropriate public education—including comparable services, such as Title I support, special education, gifted, English Learners (EL), vocational/technical, and public preschool education—as provided to other non-homeless students. Children and youth experiencing homelessness will have access to needed services to support their academic achievement as they work to meet the same challenging standards to which all students are held. Please contact the district Homeless Liaison in the Office of Health and Social Services at 678-301-6882 for further information.

Student Conduct Behavior Code

Discipline Policy Statement

Gwinnett County Public Schools ("GCPS" or "District") is committed to creating a safe, positive environment for all of our students, staff, parents, stakeholders, and community partners.

GCPS will work to assure that all students and staff are well-motivated, fully aware of their potential, and dedicated to pursue excellence in academic knowledge, skills, and behavior. GCPS believes that all children can thrive in a safe learning environment. The District utilizes a range of activities to recognize, celebrate, and reward positive behavior at the classroom, school, and district levels.

In addition to this Student Conduct Behavior Code ("Code"), GCPS has various policies that govern conduct in the District. A copy of those policies can be obtained at www.gwinnett.k12.ga.us (click on the About tab, and then the links for Board of Education and Policies) or call the Office of the Executive Director for Administration and Policy at 678-301-6005.

Purpose of the Code

GCPS has adopted this Code to support the creation of a safe learning environment for all members of the school community. The purpose of this Code is to state clearly our standards for acceptable conduct of students. The Code also explains the consequences for not meeting these standards of conduct. This Code establishes a strict policy for conduct that endangers the safety of the schools and/or disrupts the educational experience for other students. GCPS does not permit corporal punishment.

The Code also sets forth the discipline procedures for the students who have committed violations of the Code. This Code is not meant to be a contract between the District and the students, and may be amended at any time. It is a place for GCPS to explain certain policies applicable to students.

Scope of the Code

Everyone is entitled to a safe, secure, and orderly environment in which to learn and work. The rules and regulations in this Code are designed toward that end and are effective during the following times and places:

- a. On school grounds at any time;
- b. Off school grounds at a bus stop, on a school bus, at a school activity, function, or event;
- c. When either the alleged perpetrator or the alleged victim is en route to and/or from school, or to or from a school activity, function or event;
- d. Off school grounds when the behavior of a student (1) could result in the student being criminally charged with a felony or which could result in a felony criminal charge if committed by an adult; and which (2) makes the student's continued presence at school a potential danger to person or property at school or which disrupts the educational process. (O.C.G.A. 20-2-751.5(c)).
- e. Off school grounds while the student is participating in or attending school-sponsored or school-related activities such as field trips, conferences or athletic events, or is otherwise subject to the jurisdiction of school authorities;
- f. Off school grounds when the misconduct is directed at a school student or employee and is related to the victim's school affiliation, or when the off-campus conduct directly affects the safety and welfare of the school community or the orderly mission and function of the school; and
- g. Off school grounds and when a student leaves without permission (AWOL) of a school official, or anytime Rule 10 would apply.

The rules of this Code do not apply to:

- h. Student speech that occurs off campus if the speech is at a non-school-sponsored event and does not cause or is not likely to cause a material and substantial disruption to the school environment or a school activity.

Equal Opportunity Statement

The District complies with all federal, state, and local laws, and provides an equal opportunity for all students. GCPS prohibits discrimination in admission, grading, discipline and any other activity based on race, creed, color, national origin, religion, ancestry, age, marital status, sexual orientation (known or perceived), gender identity expression (known or perceived), sex, handicap, nationality, or citizenship. All decisions of GCPS will be administered without regard to any of the categories listed on this page.

Statement of Student Misconduct

The rules in this Code are designed to notify students (grades K–12) as to the types of behaviors that are not acceptable; nevertheless, every specific variation of the prohibited conduct may not have been included. Consequently, students should expect to be disciplined for misconduct that is obviously inappropriate. A specific rule need not be written for every conceivable variation of behavior that directly affects the orderly mission of the school.

References to the Official Code of Georgia Annotated

References to Title 16 of the Official Code of Georgia Annotated (O.C.G.A.) included in the Student Conduct Behavior Code do not require that the elements of the specific criminal code section referenced be proved beyond a reasonable doubt before schools may punish misconduct. Further, these code references do not impose any additional intent requirements upon schools pursuing discipline against students for the violation of this Code.

When a school rule is violated that may also be a violation of the law, the schools may notify the School Resource Officer (SRO) who will review the incident for possible criminal charges or notification of the District Attorney. Rules that require SRO notification are marked with an asterisk (*).

Student Dress Code

Students are required to dress appropriately for school. Each local school will establish and publish a dress code applicable to that school. In addition to the requirements established by the local school, prohibited dress shall include any attire that depicts, promotes, or advertises gang affiliation, illegal activity, illegal drugs, alcohol or tobacco, sexual references, offensive words or designs, and other clothing which is disruptive to the learning environment.

Electronic Communications Devices

The Gwinnett County Board of Education (BOE) permits students to possess communication devices on a limited basis and provides local school principals with the authority to set forth rules pertaining to student possession and use of such devices at their individual schools.

Drivers must be able to concentrate on their driving at all times. A momentary distraction from their concentration can lead to a serious accident resulting in injury or death. The safety and well-being of each student depend on everyone following the standards of conduct outlined in this Code. That safety is why certain infractions have a different level of consequence or are singled out as a school bus infraction.

If a student is found to have engaged in bullying or other acts of physical violence such as physical assault or battery of another person on the school bus, a meeting with the student's parents or guardian and appropriate school officials will be required in order to develop a school bus behavior contract for the student. (O.C.G.A. 20-2-751.5)

Note: Any student who receives an in-school suspension for a bus infraction may forfeit his or her bus-riding privileges on the day(s) of suspension.

Note: Rules marked with an * result in notification of the School Resource Officer (SRO) with potential for a referral to be made to the district attorney's office.

Gwinnett County Public Schools Code of Conduct for Athletes

Participation in interscholastic athletic competitions is a privilege extended to the students by the Gwinnett County Board of Education. Students participating in Georgia High School Association (GHSA) extracurricular athletic activities act as representatives of Gwinnett County Public Schools (GCPS). All students are expected to conduct themselves in such a manner as to meet the highest standards of GCPS at all times.

The Code of Conduct is designed to establish high expectations and standards for all students participating in GHSA sanctioned athletic activities. All students, parents, and coaches understand that the top priority is academic achievement. The Code of Conduct establishes high expectations regarding behavior and consistent consequences when violations occur.

The Code of Conduct goes into effect on the first day a student joins a GCPS high school athletic team. The Code remains in effect for the entire calendar year, including time when school is not in session.

The GIVE Centers

The purpose of the Gwinnett InterVention Educational (GIVE) Centers is to:

Student Misconduct: Range of Consequences

The decision to charge a student for violation of this Student Conduct Behavior Code shall be made by the administration of the local school. The range of consequences for misconduct that can be assigned by a local school administrator and staff may include:

Level I Discipline (Minor Consequences)

Level I discipline is used for minor acts of misconduct which interfere with the good order of school. Following appropriate teacher intervention, students may be referred to an administrator. Consequences range from an administrative conference to three (3) days of out-of-school suspension.

Level II Discipline (Major Consequences)

Level II discipline is used for intermediate acts of misconduct which interfere with the good order of school. Students should be referred to an administrator. Consequences will involve any combination of in-school or out-of-school suspensions ranging from four (4) to nine (9) days.

The only exception to this “combination” shall be for those first-time offenders of the Level II violations listed in Rule 7. Those first-offenders may receive a nine-day, out-of-school suspension, which will be reduced to three days if the student and parent opt to participate in the Creating Lasting Family Connections (CLFC) Program.

Level III Discipline (Severe Consequences)

Level III discipline is used for serious acts of misconduct. Students should be referred to an administrator. The consequence for these acts of misconduct is up to a 10-day, out-of-school suspension pending a disciplinary hearing for long-term suspension, placement in an alternative program, or permanent expulsion.

Alternative Disciplinary Consequences

A student subject to a short-term suspension or to long-term suspension may be provided with the opportunity to reduce the period of suspension by completing alternative disciplinary consequences. The decision to allow a student the opportunity to reduce the period of suspension shall be at the discretion of the administrator or hearing officer determining the consequence imposed as a result of the student's misconduct. The student shall have the option to complete the alternative disciplinary consequences or to serve the full term of his or her suspension. The following alternative disciplinary consequences are authorized: (1) Attend the Creating Lasting Family Connections (CLFC) Program or a similar program; (2) perform community service; or (3) pay restitution.

Student Disciplinary Hearings

A student disciplinary hearing heard by a disciplinary hearing officer(s) has been established by the Gwinnett County Board of Education (BOE) to handle all acts of misconduct of students enrolled in the school system that may warrant long-term suspension or expulsion. Disciplinary hearing procedures are governed by the State of Georgia Public School Disciplinary Tribunal Act. (O.C.G.A. 20-2-750)

Composition of Hearings

- A hearing officer will listen to disciplinary hearings involving two or fewer students. For hearings involving more than two students, the hearing officer may hear the case with one or more assisting hearing officers. The Director of Student

Discipline and Behavioral Interventions, or designee, shall determine whether to appoint an assisting hearing officer to any disciplinary hearing.

- Hearing officers are county administrators trained in conducting disciplinary hearings.
- Hearing officers hear evidence concerning charges of misconduct that have been brought against students which, if proven, may require greater than ten (10) school days and up to one (1) calendar year suspension with a recommendation of permanent expulsion.
- When two or more students are charged with violating school rules arising from a single incident or essentially the same set of facts, a single hearing may be conducted to address the rule violations for all the students involved so long as a single hearing is not likely to result in confusion for the hearing officer(s) or substantially prejudice one student.

Hearing Proceedings

All hearings are recorded electronically. Hearings before a student disciplinary hearing officer(s) are confidential and are not open to the public. Staff and student witnesses to a particular case may be requested and/or subpoenaed by the school system to testify on its behalf at the hearing. Subpoenas for witnesses are obtained from the Office of Student Discipline and Behavioral Interventions. It is the responsibility of the student or parent/guardian to deliver subpoenas to the witnesses and arrange for their transportation to the hearing.

The evidence presented at a disciplinary hearing may be physical (drugs, weapons, discipline record, written statements, etc.), as well as testimony from witnesses. At the hearing, the student or parent/guardian has the right to be represented by an attorney, obtained at his/her own expense. If an attorney is going to represent the student, the Office of Student Discipline and Behavioral Interventions must receive notice at least one school day prior to the hearing to arrange for an attorney for the school system to be present. If parents require the services of an interpreter, they should request these services from the local school at least two full days prior to the discipline hearing.

How Decisions Are Made

The disciplinary hearing officer(s) will determine whether the student was or was not in violation of the Student Conduct Behavior Code and will determine the appropriate consequences. The hearing officer(s) may consider only the evidence the officer(s) regards to be relevant to the charges in question in making a determination of whether a rule has been violated. The hearing officer(s) is allowed to give the presented evidence whatever weight the officer thinks is warranted.

The disciplinary hearing officer(s) will review the student's school records if he or she is found in violation of the Code. Both parties are given the opportunity to make a closing or summary statement. The hearing officer(s) convenes privately to decide the appropriate consequences. The hearing is concluded when the hearing officer(s) reads his or her decision. A letter and other information regarding the decision will be sent to the student or parent/guardian within five (5) working days after the hearing is held.

Appeals

The Board of Education may voluntarily review any decision of a student disciplinary hearing; however, reasonable notice of an intent to review shall be given to the pertinent student and parent or guardian. Additionally, the Board of Education for Gwinnett County shall consider appeals from student disciplinary hearing decisions. Pendency of appeal to the Board will not ordinarily prevent the commencement of the period of suspension or expulsion prescribed by the student disciplinary hearing officer(s).

The Superintendent, or designee, (along with the Executive Director of Academic Support) may review any student disciplinary hearing that is subject to review by the Board of Education pursuant to an appeal or a recommendation of permanent expulsion. In reviewing any student disciplinary hearing, the Superintendent's designee may recommend an amendment or reversal of a hearing officer's finding. This recommendation will be submitted to the Superintendent for consideration and/or action.

In addition, the Superintendent may, in his discretion, permit a student to return to school pending the outcome of an appeal; this would occur only where the Superintendent believes that there is a substantial likelihood that the student will ultimately prevail on his appeal.

No new evidence and no oral argument may be presented to the Board on appeal and all consideration on appeal will be based on the record of the proceedings at the hearing of the student disciplinary hearing and the written appellate arguments filed by the parties. Notice of appeal shall be in writing and filed in the Superintendent's Office in care of the Office of Student Discipline and Behavioral Interventions. Notice of appeal or legal arguments of the appellant must be received in the Office of Student Discipline and Behavioral Interventions no later than 20 calendar days from the date the decision is rendered. The Board may take any action it determines appropriate, and any decision of the Board shall be final.

Long-Term Suspension Re-entry Requirements

At the end of a student's term of suspension, the student who fails to attend an alternative school program or is not given the option to attend an alternative school program or is terminated because of misconduct, will have a readmission review at the local school before the student may be enrolled.

The student must provide the following, and this information should be faxed to the Office of Student Discipline and Behavioral Interventions (770-513-6840).

- Submit a 500-word essay reviewing the incident that brought the student before a disciplinary hearing, discussing what the student learned from the incident, what the student would do differently in the future, why the student's education in GCPS is important, a description of the student's aspirations, dreams, and goals, and who can help the student achieve these goals.
- Submit three letters of reference from people other than a relative, attesting to the student's good behavior and fitness to return to school;

The Office of Student Discipline and Behavioral Interventions will inform local school officials when the student has satisfied the requirements and a readmission review can be held at the local school.

Welcome To Our Tobacco-Free School

School district policy prohibits the use of tobacco products at all GCPS facilities/campuses, by all students, staff, and visitors, 24 hours per day, seven days per week. This policy is inclusive of e-cigarettes and vaping.

Thank you for your cooperation!

The law (O.C.G.A. 20-2-764 and 20-2-765) allow school districts to identify students who have chronic behavior problems. In GCPS, a student with a chronic behavior problem is defined as one who receives four (4) or more disciplinary referrals during any school year.

Summary of the 7-Step Plan

For any given school year, the following steps will be taken to address each disciplinary referral a student receives that involves (results in) a suspension (In-School Suspension or Out-of-School Suspension):

- Referral #1: Parent is given written notification of violation and consequence.
- Referral #2: Parent is given written notification of violation and consequence.
- Referral #3: Parent is given written notification of violation and consequence; notified of consequences for next (4th) referral.

Referral #4: Invite parent to help develop a Behavioral Correction Plan.

Referral #5: Possible Rule 12 Notification Charge (principal's discretion).

Referral #6: Possible Rule 12 Notification Charge (principal's discretion).

Referral #7: Student *must* be placed on a Rule 12.

Additional information on the 7-step plan:

- The 7-step plan is a guideline and it can be modified in individual cases at the discretion of the Office of Student Discipline and Behavioral Interventions.
- Modifications to the 7-step plan may be used with students entering the district with lengthy discipline/criminal records. Schools may consult the Office of Student Discipline and Behavioral Interventions about an appropriate sequence of steps for these students.

Behavioral Correction Plan

After a student receives his or her fourth (4th) disciplinary referral during a given school year, the following steps should be taken:

- Notify the parents/guardians that the student has been identified as having a chronic behavior problem.
- With input from the parent, develop a Behavioral Correction Plan.
- Implement the interventions to provide support to the student.
- Monitor the plan and evaluate (formally or informally) the interventions. (Consider assigning a staff member to monitor/mentor the student and his or her progress with the plan.)

Consequences of Crime and Underage Sexual Conduct

Parents and guardians are encouraged to inform their children regarding the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

School Clubs and Organizations

In accordance with OCGA § 20-2-705, information regarding the names of clubs/organizations, mission/purpose of the clubs/organizations, names of faculty advisors, and descriptions of planned activities may be found on the school website. This information also may be obtained, if requested, from the local school. Parents and guardians should review this information and inform the school if he or she declines permission for his or her student to participate in a club or organization, using the form available in the back of this handbook.

Earning High School Credit by Testing Out

(Changes to the state assessment program may result in changes to the information listed below. Please check with your school for updates.)

A student may demonstrate subject area competency by testing out of any course that has an associated End of Course (EOC) assessment. A unit of course credit is awarded to students who reach the performance level of “Distinguished Learner” on an EOC prior to taking a specific EOC course. Students have only one opportunity per course to test-out. At this time, a student may only earn up to three credits by testing-out. Students must meet the following requirements for earning course credit through testing-out:

- a. Not currently or previously enrolled in the course.
- b. Have earned a grade of B or better in a content area course that is the same content area of the course for which the student is attempting the EOC.
- c. Received a teacher recommendation from a teacher in the same content area.
- d. Received parent/guardian permission as stated by the local Board of Education.

Students who do not reach the performance level of “Distinguished Learner” when attempting to test-out must enroll in and complete the associated course and retake the EOC even if the student makes a passing grade on the EOC during the testing-out attempt. Students who are currently enrolled, or who have been previously enrolled, in a higher-level course are not allowed to earn credit by later attempting to test-out of a lower level course. For example, a student already taking AP Physics may not earn credit for Physical Science by testing out. Course credit of students who test-out of a course is reported in the same way as the course credit earned through completing courses. Local boards of education may develop policies related to utilizing grade equivalent scores in the calculation of the student’s Grade Point Average (GPA). Under NCAA requirements, units of credit earned through testing-out using the EOC will not count as a core course credit for athletic aid for any student seeking NCAA Division I or II athletic scholarships. For more about State Board of Education Rule 160-5-1.15 Awarding Units of Credit and Acceptance of Transfer Credit and/or Grades, go to the Georgia Department of Education website.

Online Learning Options

In accordance with O.C.G.A. § 20-2-319.1 through 20-2-319.4, parents should be aware of the following items relative to online learning:

- Districts will allow students to take an online course even if the course is offered in the local district.
- Online courses can be accessed through the Georgia Virtual School, local virtual schools, or vendor online schools.
- If the online course is taken in lieu of any of the regular six periods, then the school will pay for the course. If an online course is chosen in addition to the regular school day, the student will be subject to the cost of tuition.
- O.C.G.A. § 20-2-319.3 mandates the creation of an online clearinghouse of online courses and their providers to give parents and students the ability to search the clearinghouse for availability of online courses and providers. Guidelines for what constitutes high-quality online courses also are included.

Accessing Georgia’s Online Clearinghouse

The Georgia Online Clearinghouse provides students and parents with information and access to high-quality academic and career-oriented courses, aligned to state and national standards, through a variety of online providers. To access the information found in the clearinghouse, go to: http://www.gadoe.org/_layouts/GADOEPublic.SPApp/Clearinghouse.aspx

Step 1: Type in the course you need (for example, 9th grade Literature).

Step 2: Type in your zip code. You will then see a list of the online providers in Georgia who have the course you selected. The names of program providers have been linked for users to access their site for registration information.

Step 3: Utilize the provider’s site to register the student in the selected online course.

Step 4: Once you have selected an option for your course, contact your local GCPS school counselor for assistance.

School Bus Safety Guidelines and Procedures

Student Behavior Management Plan

GCPS provides bus safety education for students on how to keep themselves safe in and around the school bus. The Student Behavior Management Plan is a three-part program that helps the bus driver achieve appropriate student behavior on the school bus. The following information outlines the plan's three components—prevention, intervention, and consequences.

Prevention

Prevention steps are used by the bus driver to educate the student about safe and appropriate riding behaviors, to clarify the bus driver's expectations for the students, and to assist students in successfully demonstrating safe riding habits every day. The bus driver will communicate and reinforce those expectations which are based on the School Bus Safety Guidelines. These guidelines are posted on all school buses.

Assigned seating provides structure and a consistent routine while aiding in student behavior. All students are assigned seats at the beginning of the school year.

Age-appropriate school bus safety education programs are included in the Health and Physical Education curriculum at the elementary and middle school levels. GCPS school bus driver conduct simulated emergency evacuation drills with all grade levels on a monthly basis. Students in grades K–5 perform an actual emergency evacuation drill annually.

Intervention

Intervention steps are used by the bus driver to correct unsafe or inappropriate behaviors. The level of intervention will depend on the severity of the misconduct.

- Verbal reminder— The bus driver will remind the student of the rule(s) not being followed.
- Talk individually to the student— The bus driver will discuss the unsafe/inappropriate behavior with the student.
- Reassign bus seat— The student's seat will be reassigned to allow the driver to better monitor the student.
- Communication with parent/guardian:
 - Courtesy call to parent/guardian— A phone call to the parent is made by the bus driver, making him or her aware of the unsafe or inappropriate conduct, or
 - Parent Notification Form— The bus driver sends written notification of the student's inappropriate or unsafe behavior to the parent/guardian for signature.
- Bus Discipline Form— The bus driver completes and forwards to the school administrator a bus discipline form for any major offense.

Consequences

When prevention and intervention steps are unsuccessful in improving the student's behavior, a bus discipline form is submitted by the bus driver to the school administrator. The administrator is then responsible for issuing appropriate consequences for the student. Serious offenses may lead to suspension from the bus or from school.

Safety Procedures

The following School Bus Safety Procedures are posted on all GCPS school buses:

- Students will follow directions of the bus driver.
- Students should be at the bus stop five minutes **before the scheduled bus arrival time**, waiting in a safe place, clear of traffic, and 12 feet from where the bus stops.
- Students will wait in an orderly line and avoid playing.
- Students will cross the roadway in front of the bus after the bus has stopped, they have looked at the bus driver for a hand signal, and they have looked in both directions for traffic— left, right, left.
- Students will signal the bus driver with a waving motion if something is dropped and wait for the bus driver to give a signal before picking up object.
- Students will go directly to assigned seat when entering the bus, and keep the aisles and exits clear.
- Students will remain properly seated, back against the back of the seat, bottom against the bottom of the seat, and keep hands to themselves.
- Students will not eat, drink, chew gum, or bring tobacco, alcohol, drugs, or any controlled substances on the bus.
- Students will not carry animals, glass objects, nuisance items, hazardous materials, or weapons onto the bus. Students may carry only objects that can be held in their laps.
- Students will refrain from using loud voices, profanity, and/or obscene gestures, and respect the rights and safety of others.
- Students will not extend head, arms, or objects out of the bus windows.
- Students will be totally silent at railroad crossings.
- Students will stay seated until time to get off the bus. The open door is the signal to get up from the bus seat.
- Students are expected to ride the bus to which they have been assigned and to get off at their assigned bus stop. Only in the event of an emergency, as determined by the principal or his/her representative, will a student be allowed to ride a different bus. Notification of this emergency must be sent to the school in a written note signed by the parent/guardian. The school administrator may provide a Bus Pass granting permission.
- Students will keep their bus clean and in good, safe condition.
- Students are allowed to "Bring Your Own Device" (BYOD), but shall be prohibited from using such device during the operation of a school bus in a manner that interferes with the communication equipment or the bus driver's operation of the school bus. The bus driver may allow wearing of headphones with an audio system on a case-by-case basis as long as it is in accordance with local school rules.
- Students shall be prohibited from using mirrors, lasers, flash cameras, or any other lights or reflective devices in a manner that might interfere with the school bus driver's operation of the school bus.

Student Bus Stop Assignment

- Students are automatically assigned to the bus stop closest to their home address.
- Parents are responsible for their student's safety while walking to and from the bus stop and while waiting at the bus stop.
- Bus stops are set in Gwinnett County to be used by elementary, middle, and high school students. A student's bus stop may be changed for safety reasons that may include, but are not

limited to, a sex offender moving into the area, construction, police/gang activity, etc.

- The locations of bus stops are determined by the Transportation Supervisor and the Routing Department. The safety of all students is the first consideration when determining bus stop locations.
- The school bus will travel streets or street segments that are at least 3/10 of a mile long and which provide a safe turnaround area for the bus. Doorside pick-ups and drop offs will be provided to students who reside on high speed roadways (40+ mph) without sidewalks or a safe walking path. Students are not permitted to cross multi-lane roads.
- Schools will need to require verification of address from parents when a driver, team leader, and/or Transportation Supervisor suspects that a student has moved. For the student's safety, Transportation may return students to school when it is obvious that they no longer live at the address of record.
- Students are to be standing at the bus stop five minutes prior to the bus arrival time. Students are not to be waiting in the house or car. Running to the bus stop is a very dangerous practice and could result in injury.
- Requesting a change to the bus stop for personal preferences is not allowed.
- A Bus Pass may be issued by the school for emergency situations only.
- Drivers are expected to deliver students to their assigned bus stop unless they have an official Bus Pass stating otherwise.
- Alternate Address Forms are available for students who attend daycare five days a week. These forms can be found on the GCPS website under the "Schools" tab. Click on "Transportation" at the bottom of the page and then scroll to "Forms and Information."

Parent Information Regarding Safe Schools

The school district is committed to providing a safe environment for students, staff, and visitors. It works closely with national, state, and local safety personnel— police, fire, emergency medical services, emergency management agencies, and public health— to ensure our schools are well prepared for an emergency.

School Resource Officers, or SROs, are police officers employed by the school system. These officers are housed at all Gwinnett high schools and middle schools and also at some elementary schools. In addition to policing school campuses, these officers focus on educating students and staff on safety issues and working with school administrators on school safety plans.

In addition, GCPS updates its district and school emergency operations plans annually. These plans, which are approved by the Gwinnett County Office of Emergency Management, are the guides to help staff and our public-safety partners respond swiftly should a crisis occur in our schools.

Emergency Preparation in GCPS

As a parent, you can feel confident that when you send your children off to school that you are sending them to a safe, orderly place. Our schools are safe because our school communities work hard to ensure safety.

- Each year, school administrators review and make any necessary modifications to their school's Emergency Management Plans.

- Each school has key staff members with assigned roles and responsibilities to perform during an emergency.
- The school system's emergency response plan is modeled on the National Incident Management System (NIMS) that has been developed by the Department of Homeland Security.
- Every school conducts emergency drills throughout the school year so that students and staff are aware of the most effective and safe emergency responses.
- Students take an active role by following rules and reporting those who do not.

The Board considers the appropriate, sensitive, and timely response by school staff to crisis situations to be of utmost importance. Emergencies may occur at schools at any time. It is the objective of school personnel to respond in a way that will minimize the impact of the situation upon students and staff.

Safe Schools Plans/Required Drills Policy

Each local school is charged with implementing the Safe Schools Plans developed by the district and conducting training for staff to familiarize them with the school emergency plans. Each school has a Safe School Team which provides leadership in carrying out the plans. The team shall be composed of appropriate school personnel, such as principal, assistant principals, counselors, grade level chairs, department heads, coaches, and selected teachers.

Each local school shall develop, periodically update, and implement specific plans for that particular campus. The District Safe Schools Plan shall include, but is not limited to, guidelines for actions to deal with the following specific hazards: injuries and illnesses, fires, thunderstorms, tornadoes, floods, hurricanes, winter storms, hazardous materials, earthquakes, utility failures, bomb threats, civil disturbances, terroristic acts, and nuclear emergencies. The plans also require drills, as appropriate, for emergencies arising from these hazards. It also shall include provisions for communicating information on emergency preparedness procedures to staff and students appropriate for their grade level.

Everyone has a Role

Ensuring school safety is everyone's responsibility— staff, students, parents, and the entire community. Please report any safety concerns you may have to your school principal. In addition, ask your local school about its safety plan.

One important role you can play in keeping schools safe is to tell someone about illegal behavior or concerns you may have. Gwinnett County Public Schools operates a School Safety Tip Line. Call or text 770-822-6513 to make a report. You do not have to give your name when providing information via this confidential tip line.

Frequently Asked Questions on Safety

As a parent, how can you prepare for a school emergency?

The number-one step that you can take to prepare for a school emergency is to provide accurate emergency contact information to your child's school and notify the school if your information changes.

What should I do during a school emergency?

During a crisis, your first response might be to pick up the phone to call the school. However, a high volume of calls may bog down the phone system. When a school emergency occurs, a parent can get important information by doing one or all of the following:

- 1) Visit www.gwinnett.k12.ga.us or your local school website.
- 2) If your school is affected, the district's notification system,

SchoolMessenger, will send out a notice. Check your messages.

- 3) Monitor local television and radio for news alerts.
- 4) Tune into the school system's cable TV station.

During an emergency, you will want to get important information and directions from school officials before going to the school. You can be confident that accurate and timely information will be released to parents, the public, and the news media during any emergency incident.

What is a lockdown?

During a **hard lockdown** all school interior doors are locked and students are confined to their classrooms and no entry or exit of the school is allowed. This takes place if there is a threat or possible threat inside the school. During a **soft lockdown** all exterior doors are locked. This takes place if the threat is outside of the school. In some cases, parents could be admitted into the school with proper identification.

How will I know if a school is in a hard lockdown?

The main entrance will be locked.

If the school is in a soft lockdown, what type of identification will I need to enter the school and/or pick up my child?

If it is deemed safe to allow others to enter the building, you or your designated emergency contact will need to show a proper form of identification, such as a driver's license or valid photo identification.

Who determines whether or not a school should be evacuated?

In the event of an emergency at or near the school, school leaders follow the direction of law enforcement and emergency response agencies in determining whether or not to evacuate the facility.

What does shelter-in-place mean?

Shelter-in-place means taking refuge in a small, interior room in the school, remaining there until it is safe to release students. This is a precaution to keep our students safe from hazardous materials that may have been released into the atmosphere. (This is not the same thing as going to a shelter in case of a storm.) This procedure is implemented if it is determined that evacuation or dismissal could possibly place students at risk.

If the school is evacuated, how will I be able to locate my child?

Each school has a procedure for helping parents to reunite with their child during a school emergency. Parents will be directed to a specific location where they will be required to show proper identification. Remember, a student can generally only be released to an adult who is documented as an emergency contact. If you are a noncustodial parent, you must be listed on your child's emergency contact information as a guardian and you will be required to show proper identification.

In regard to school emergencies, what should my child know?

Important rules for students during a school emergency are:

- 1) Follow the directions given by the teacher or principal.
- 2) Before using a cell phone, make sure it is safe to do so.
- 3) Do not leave the school campus unless instructed to do so. In an evacuation situation or if school is dismissed early, follow the directions provided by the principal.

Responsible Use of Electronic Media for Students

Gwinnett County Public Schools (GCPS) recognizes that the use of technology is prevalent in society. Students and staff have access to the Internet, cell phones, games, and a variety of personal technology

devices. Students and staff utilize social media websites and applications as well as a variety of other digital resources that allow them to interact, share, create and innovate. Staff members utilize these same resources as a means to effectively engage students, motivate student learning, and collaborate with colleagues.

When using GCPS technology or network access, students are expected to follow the Student Conduct Behavior Code, including respecting others' privacy. Online student accounts to be used for legitimate educational purposes will be subject to monitoring and review, including review of text and attachments that are related to that student or students. At NO TIME should a student consider GCPS e-mail, networked applications, or account or technology access private or confidential in any way.

While the school district does maintain Internet filters, there may be times when a student may accidentally or purposefully discover inappropriate materials online. Gwinnett County Public Schools DOES NOT CONDONE the use of such materials. Inappropriate use of GCPS technology or network access is a violation of the Student Conduct Behavior Code.

Access is a privilege, not a right, and all students are expected to treat this learning tool with respect. GCPS technology, network access, and electronic resources must not be used to:

- Harm other people.
- Interfere with other people's work.
- Steal property.
- Gain unauthorized access to other people's files or programs.
- Gain unauthorized access to online resources, including using someone else's password.
- Make changes to the hardware or software configuration of any machine, including installing or deleting any software.
- Improperly use the network, including introducing software viruses and/or bypassing local school or office security policies.
- Steal or damage data and/or computers and network equipment.
- Access, upload, download, and/or distribute pornographic, hate-oriented, profane, obscene, or sexually explicit material.

Failure to follow these guidelines can violate the Official Code of Georgia, O.C.G.A., Codes 16-9-90, 16-9-91, 16-9-93, and 16-9-93.1 as well as Title XVII of United States Public Law 106-554, known as the Children's Internet Protection Act. Such use can also lead to disciplinary actions, up to and including loss of access to GCPS technology resources and further disciplinary actions as defined by existing GCPS policies. Such disciplinary actions may include confiscation of technology being used inappropriately if an incident occurs.

Bring Your Own Device (BYOD)

Gwinnett County Public Schools is a "Bring Your Own Device" (BYOD) district. This program is designed to support teaching and learning through safe, efficient, and monitored wireless access. If your child's school or class is participating in BYOD, then students are allowed to bring mobile devices with the expectation they will be used as a supplemental instructional resource. The BYOD access may be limited to certain schools, areas, and zones, based on the school's identification of instructional need.

To participate in the use of BYOD resources, all users must agree to use the school network when available, and not personal mobile data service providers, on their devices. Using the school network ensures a filtered, appropriate solution that is optimized for BYOD use. GCPS is not responsible for any damages, fees, lost functionality, support, or costs that may be the result of students or staff members

participating in BYOD. This is a voluntary program, and students will not be penalized if they do not participate. Whether the device is owned by a parent, student, staff member, or school, the user of the device is responsible for protecting the device at school, on the bus, or at school functions.

Children's Online Privacy Protection Act (COPPA)

COPPA applies to operators of commercial websites and online services and limits their ability to collect personal information from children under the age of 13. COPPA allows the school to act as the parent's agent and consent to the collection of a student's information on the parent's behalf within the educational context—where an operator collects personal information from students for the use and benefit of the school, and for no other commercial purpose.

By signing the response form, parents grant consent for Gwinnett County Public Schools, and Gwinnett County Public Schools' employees, to act as the parent's agent in providing consent for the collection of student information within the educational context.

Supplemental Technology and Student Email

GCPS provides access to Google G Suite for Education and Microsoft Office 365 as supplemental resources to the district's adopted Learning Management System for local schools to use if they wish. GCPS will allow the use and issue student email (Google Gmail) accounts to students for use internal to GCPS only. Students can access the email from any device via the Student Portal. However, for security purposes, students will only be able to send and receive emails to and from other Gwinnett County Public Schools' Gmail users.

Manage Your Messages

Parents and guardians have the ability to customize messaging preferences. They can do this by accessing SchoolMessenger through the Parent Portal or using the SchoolMessenger website or app.

Managing the communication you receive from your school and the district via SchoolMessenger is simple and convenient.

1. Go to go.schoolmessenger.com.
2. Log in to your account using the email address you provided to your child's school. If it is your first visit, you will have to set up your account.
3. Click on the user name in the top right-hand corner of the page and select the “Preferences” option to set up or change notification preferences. The preferences on this page affect SchoolMessenger broadcasts that may be sent to you from the school and district. “Message Preferences” show all the types of messages that the school and district may send via SchoolMessenger. You can select how you wish to be contacted for each message type.

Want to receive emergency text notifications?

Good news! If you opted in to receive text notifications last year, there is no need for you to do anything this year... you are still in the system! If you are new to GCPS or have not subscribed to the text service yet, it is easy to do. Text the word “SUBSCRIBE” to the number 67587. You will receive a response by text. If you do not, please contact your wireless provider, as some providers do not accept texts that use short code (SMS) messages. NOTE: In order to opt in to receive emergency text messages from GCPS and the local school, the phone number must be associated with your student in our student information system.

Remember... you can opt out of these messages at any time by simply replying “Stop” to one of our messages.

If your contact information changes during the year, contact the school.

Add 1-844-248-6644 to your Contacts list as Gwinnett County Public Schools.

If you do not want to receive messages from Gwinnett County Public Schools (including school closing and emergency messages) via SchoolMessenger, please contact your local school to have your number removed from the notification list. In addition, at any time while listening to a message broadcast, you can press “5” on your phone to initiate the opt-out process.

Response Form

I have received a copy of Gwinnett County Public Schools' 2019–20 Student/Parent Handbook. The contents of the handbook (including information on attendance, discipline, extracurricular activities, responsible use of technology, and all Annual Notices to parents, including Parent Right to Know, FERPA, PPRA, and COPPA, as well as the district's use of SchoolMessenger to contact parents) have been reviewed with me by school officials. I understand my rights and responsibilities as a student enrolled in Gwinnett County Public Schools and consent to the terms of the Student/Parent Handbook.

I acknowledge receipt of the Student/Parent Handbook for my student. I have reviewed the contents of the handbook with my student and consent to the terms of the Student/Parent Handbook (including information on attendance, discipline, extracurricular activities, responsible use of technology, and all Annual Notices to parents, including Parent Right to Know, FERPA, PPRA, and COPPA, as well as the district's use of SchoolMessenger to contact parents). In addition, I have reviewed on the school's website (or obtained and read a copy from a school) the listing of extracurricular activities available to my child.

Attendance Protocol Form

By September 1 of each school year or within 30 days of a student's enrollment in the school, the parent, guardian, or other person having control or charge of each student shall sign a statement indicating receipt of such written statement of possible consequences and penalties. In addition, students age 10 or older by September 1 shall sign a statement indicating receipt of such written statement of possible consequences for non-compliance to the school system's policy. After two reasonable attempts by the school to secure such signature or signatures, the school shall be considered to be in compliance if it sends a copy of the statement via Certified Mail-return receipt requested or First-Class Mail to the parent, guardian, or other person who has charge or control of a child or children.

I understand the Compulsory Education Law (O.C.G.A. 20-2-690.1) states that every parent, guardian, or other person who has control of any child between the ages of 6 and 16 must enroll and send their child to school. Failure to do so is punishable by a fine, community service, or a combination of the penalties.

I also understand that Gwinnett County Public Schools has an attendance protocol in place and that schools will inform parents and students of attendance expectations and the consequences for excessive unexcused absences, including notice to parents of their student's excessive absences. A pattern of absences could put a student at risk of not achieving grade level/course AKS. Under state law, a student with more than ten (10) unexcused absences is considered truant.

I have reviewed the school's web site and I am aware of the extracurricular activities available to my child. (If internet access is not available, parents should ask for a copy of this list from the school.)
