## Rainbow Village, Inc.

770-497-1888

<http://rainbowvillage.org>

- Rainbow Village is a long-term program of self-help and self-sufficiency and not simply a place to seek shelter. Families are required to become an active part of their educational program and actively involved in the Rainbow Village community. The program requires commitment and accountability. Before families can even apply, it must be determined if you clearly meet the federal definition of homelessness, which is:
- People who are living in a place not meant for human habitation, in emergency shelter, in transitional housing, or are exiting an institution where they temporarily resided.
- People who are losing their primary nighttime residence, which may include a motel or hotel or a doubled up situation, within 14 days and lack resources or support networks to remain in housing.
- Families with children or unaccompanied youth who are unstably housed and likely to continue in that state.
- People who are fleeing or attempting to flee domestic violence, have no other residence, and lack the resources or support networks to obtain other permanent housing.

If you match that definition, then you also must match all of these qualifications:

- Must be a resident in Georgia for at least 30 days.

GCPS does not endorse or recommend any of the above agencies, as this list is for informational use only. Any fees incurred are the responsibility of the parent and/or student.
